DETAILED ACTION

Response to Amendment

1. The substitute specification filed 10-3-06 is hereby entered. With the amendment filed 10-3-06 of all independent claims to incorporate indicated allowable subject matter, the previous rejection of record is hereby withdrawn.

Allowable Subject Matter

2. Claims 2-3, 5-12, 14-16, 21-22 are allowed

Reasons for Allowance

3. The present invention includes independent claims 2, 5, and 14. Claim 2 recites a method for disseminating stock quotes in real time, claim 5 recited a stock quoting system, and claim 14 recites a system for disseminating real time information.

Brattain et al is considered the closest prior art. Brattain et al discloses a method and system for disseminating real time information. Information as stock quotes is available from a provider of the information by a quote server (para 0046). A database is associated with the quote server (31).

Brattain et al does not disclose the claimed combination including:

DETAILED ACTION

Response to Amendment

1. The substitute specification filed 10-3-06 is hereby entered. With the amendment filed 10-3-06 of all independent claims to incorporate indicated allowable subject matter, the previous rejection of record is hereby withdrawn.

Allowable Subject Matter

2. Claims 2-3, 5-12, 14-16, 21-22 are allowed. The drawings filed 11-27-02 are approved.

Reasons for Allowance

3. The present invention includes independent claims 2, 5, and 14. Claim 2 recites a method for disseminating stock quotes in real time, claim 5 recited a stock quoting system, and claim 14 recites a system for disseminating real time information.

Brattain et al is considered the closest prior art. Brattain et al discloses a method and system for disseminating real time information. Information as stock quotes is available from a provider of the information by a quote server (para 0046). A database is associated with the quote server (31).

Brattain et al does not disclose the claimed combination including:

Art Unit: 1762

In claim 2:

receiving stock quote information from a field vender by a quote server;

in response to a stock quote request from a user by a contact server, said contact server requesting said stock quote request from said stock quote server;

sending a respective stock quote according to said stock quote request to said contact server by said quote server; and

disseminating said stock quote to said user by said contact server.

In claim 5:

a quote server positioned to receive stock quote information from a field vender;

a contact server positioned to request a stock quote request from said quote server in response to said stock quote request being requested by a user;

means for sending a respective stock quote according to said stock quote request to said contact server by said quote server; and

means for disseminating said stock quote to said user by said contact server.

In claim 14:

a quote server positioned to receive stock quote information from a field vender;

a contact server positioned to request a stock quote from the quote server responsive to the stock quote request being requested by a user;

means associated with the quote server and responsive to the stock quote request for sending a stock quote to the contact server; and

means associated with the contact server for disseminating the stock quote received from the quote server to at least one user.

For these reasons claims 2, 5, and 14 are deemed to be allowable over the prior art of record, and claims 3, 6-12, 15-16, 21-22 are allowable by dependency.
